## ADVANCED SERVICES

### Regenerative & Advanced Therapy STEM CELL & EXOSOME THERAPY

"REGENERATE FROM WITHIN"

🌿 Harness the body's own repair mechanisms to reduce inflammation, support nerve healing, and restore joint, tissue, and cellular health.

💰 Pricing upon consultation

### A2M THERAPY

"JOINT PROTECTION AT THE MOLECULAR LEVEL"

🌿 Alpha-2-Macroglobulin (A2M) a natural protein found in your blood that blocks destructive enzymes that break down cartilage. This injection can slow arthritis progression and help preserve joint function.

💰 Pricing upon consultation

### PRP (PLATELET-RICH PLASMA)

"YOUR HEALING, ACCELERATED"

🌿 Uses your own blood platelets, spun down to concentrate growth factors, and injected into injured or damaged tissues. Promotes healing, reduces inflammation, and improves recovery for joints, and skin rejuvenation.

💰 Pricing upon consultation

### Functional & Hormone Optimization HORMONE THERAPY

"RESTORE BALANCE, FEEL LIKE YOU AGAIN"

🌿 Customized treatment for men and women addressing fatigue, low libido, weight changes, mood swings, and more. Options include bioidentical hormone replacement, thyroid optimization, and adrenal support.

💰 Customized per plan

### FUNCTIONAL MEDICINE CONSULTATIONS

"PERSONALIZED ROOT-CAUSE CARE"

🌿 Move beyond symptom management. We explore nutrition, lifestyle, genetics, hormones, gut health, toxins, and stress to design a personalized care plan that restores energy and wellness.

💰 Consultation: \$250

### Cutting-Edge Therapy LEQEMBI™ (LECEMAB)

"INNOVATIVE ALZHEIMER'S TREATMENT"

🌿 FDA-approved monoclonal antibody therapy shown to slow the progression of early Alzheimer's disease. Administered via IV infusion under specialist care.

🩺 Neurology referral required

## ADD-ONS

### NAD+ \$75

NAD+ is an essential coenzyme for cellular metabolism linked to increased longevity, stress reduction, aerobic and anaerobic capacity, inflammation reduction, and DNA repair.

### CBD \$125

CBD aids in promoting healthy sleep cycles, mitigating chronic pain and inflammation, and alleviating anxiety.

### MICC \$50

MICC contains beneficial nutrients that play crucial roles in metabolic processes. MICC facilitates fat loss by increasing overall energy and enhancing the natural metabolic rate.

### L-CARNITINE \$30/ML

L-Carnitine is a vital amino acid derivative that boosts the body's natural energy. It helps the body convert fat into energy and supports heart, brain, and muscle function.

## PUSH PATCH™

Transdermal patches deliver key enzymes directly into your bloodstream. Non-invasive, cost-effective, low risk, and scientifically validated.

### NAD+

NAD+ is an essential coenzyme for cellular metabolism linked to increased longevity, stress reduction, aerobic and anaerobic capacity, inflammation reduction, and DNA repair.

### GLUTATHIONE

Glutathione is a crucial antioxidant, reducing oxidative stress. Oxidative damage contributes to chronic diseases like diabetes, cancer, and Alzheimer's.

### BPC157 & NAD+

BPC157 is a peptide that promotes tissue repair, reduces inflammation, and expedites recovery from injuries.

### KPV & NAD+

KPV is an inflammatory peptide that calms skin irritation, reduces redness, and promotes healing.
